

What You Get

We Make it Easy! When you produce Beneath the Upper Room (BTUR) we try to make it as easy as possible for you.

Official Website

Of course, you've already seen our website-- but the neat thing about it is that we are continuously updating the content on our website. If a church asks us a question, we make sure we cover that issue on the website.

Performance Packet (download)

Instead of having to purchase all the actors scripts (16 X \$5.00 = \$80!), we include a printable PDF file that allows you to print as many scripts as you need for your performance. We also include an Annotated Director's Script that is chock-full of helpful tips, notes, and lists. Rounding out the Packet is a collection of files and print-outs to help you present the very best performance possible.

Weekly e-Newsletter

Beginning about 6 weeks prior to Maundy Thursday, everyone presenting BTUR receives our weekly newsletter via email. Each week is full of timely tips and advice. Lots of photos, lists, and links to more helpful information.

Directors Lounge

We have a special section on our website just for Producers/Directors of current productions of BTUR. This section is kept up-to-date by Kevin M Reese (BTUR's playwright). He continually adds new pages in response to questions and issues brought to us.

And if all that wasn't enough, you also get the personal email address and home phone number of the playwright, Kevin M Reese. You are welcome to contact him ANY TIME. He loves to visit with people about BTUR-- and since he wrote the show, he can usually help solve most any problem that might come up with your production.
